Presentation on *Live Well San Diego*

Supporting Document

Overview:

The County of San Diego is in its third year of implementing the *Live Well San Diego* initiative-- a long-term, collaborative approach, to achieve a healthy, safe and thriving region. Involving partners across all sectors, *Live Well San Diego*

provides a shared agenda for improving the quality of life for local citizens. The plan consists of three components: 1) Building Better Health; 2) Living Safely; and 3) Thriving. Two of the components, Building Better Health (approved by the Board on July 13, 2010) and Living Safely (approved by the Board on October 9, 2012), have detailed programmatic strategies and action plans. The proposed Thriving strategy will be presented to the Board in 2014.

Today's presentation highlights accomplishments and progress made during the third year of implementation of *Live Well San Diego*.
