

First 5 Commission of San Diego
 October 5, 2020
Annual Report to First California for FY 2019-20

Request

The request before the Commission is to approve the Annual Report for FY 2019-20 to be submitted to First 5 California. The Commission is required by law to hold a public hearing on its annual report to First 5 California. State law requires First 5 San Diego to submit this approved report prior to November 1, 2020.

Background

The Health and Safety Code requires local commissions to prepare an Annual Report to First 5 California. This report contains information on its expenditures, the number of clients served in core areas, as well as demographic information. This information is aggregated across all counties to provide the legislature and the public with a state-level picture of the activities of county commissions. In addition, the report requires brief descriptions of the Commission’s evaluation activities, key results and policy direction.

In order to aggregate the work of 58 county commissions, the activities reported in the state annual report are necessarily at a high level. Local commissions report only on a small list of services that are common across the counties. First 5 San Diego’s projects report service-level data through the state report on a fraction of their many services. The narrative sections are brief in order to meet specific requirements concerning content and length.

The Annual Report to First 5 California does not contain a comprehensive picture of the activities of the previous fiscal year and does not address all of the priorities of First 5 San Diego. The Commission, however, will receive detailed information on the breadth of its services and the outcomes achieved in FY 2019-20 at its November meeting through the Annual Report to the Community. This report will provide a fuller and richer representation of First 5 San Diego efforts in our county.

Summary of Data Reported to First 5 California

The Annual Report data sheets are included as Item 1-2. What follows is a summary of the data. This table includes the number of unduplicated clients intensively served by First 5 San Diego projects in FY 2019-20. These figures do not include the large number of participants who receive “light touch” services where client data is not collected – such as calls to 2-1-1 San Diego or families receiving the Kit for New Parents.¹ Following the reporting guidelines of First 5 California also results in numbers that are under-representing the number of clients served by various programs. The Contract Management and Evaluation Database System (CMEDS) and increased standardization of reporting allows staff to provide the Commission with more in-depth information on who is served through First 5 funded programs.

Unduplicated Clients Across Initiatives – Intensive Services	Children	Parents/ Caregivers	Providers	Total
Served in FY 2019-2020	29,895	10,786	1,365	42,046

¹ “Light touch” services are not included in the unduplicated count. To reduce the burden of data collection and reporting on its contractors, First 5 San Diego does not require contractors to enter individual client records in CMEDS on children receiving these types of services which enables more contract dollars to be spent on direct services. Contractors report aggregate numbers for these services.

Unduplicated Clients Within Each Initiative – Intensive Services	Children	Parents/ Caregivers	Providers	Total	
Healthy Development Services	11,466	7,319	4	18,789
