## Next Steps

- Continue the Family Support Collaborative in partnership with the County of San Diego on a regularly occurring basis
- Establish shared goals with partners that will help us meet the needs of our community
- Share drafts of the website and Site Finder with partners for feedback
- Create shared marketing materials
- Explore a shared Memorandum of Understanding to meet stakeholder needs
- Consider if and how we could implement data use agreements among partner agencies
- Look into what is needed to increase the functionality of the site finder to a referring system
- Examine how we can incorporate lived experiences and expertise of the families in our community into our Home Visitation Coordination work
