

Item 6-1

San Diego Quality Preschool Initiative 2020 - 2025

Overview of SDQPI

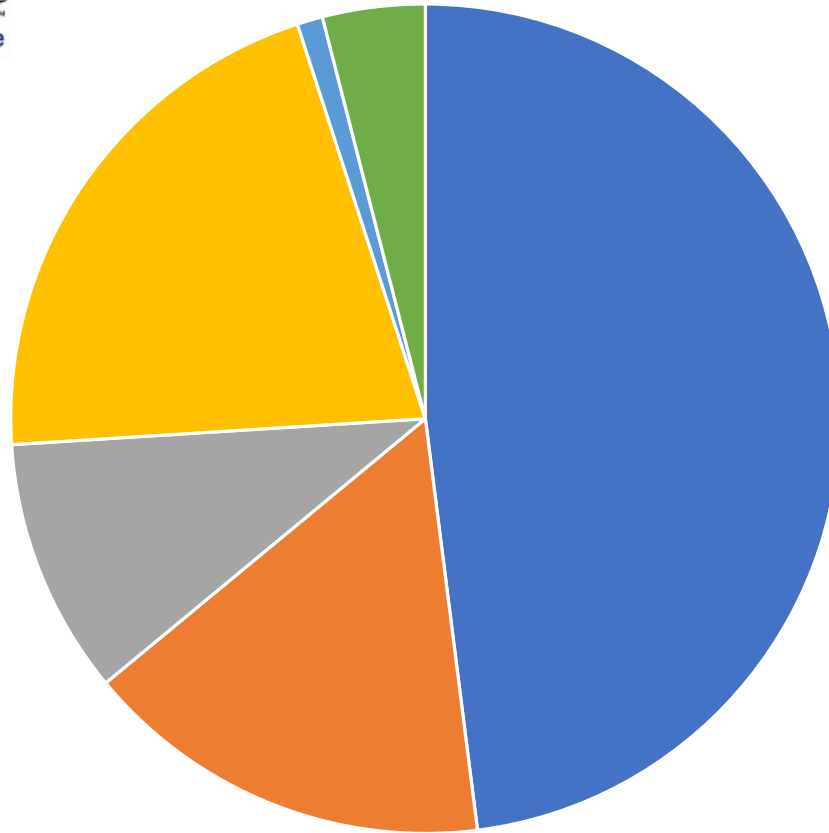

- First 5 San Diego has been investing in quality early learning efforts since 2006.
- SDQPI has focused on continuous quality improvement of early education programs through:
 - Enhancing the development and learning trajectory of children from birth through five.
 - Supporting families with resources.
 - Supporting providers to develop and maintain the highest standards of quality early learning.

Quality Counts California

- SDQPI is the San Diego County version of the State of California's quality system for birth through five settings: Quality Counts California (QCC)
 - QCC focuses on quality early learning experiences because those experiences build the foundation for skills children need in school, work and life.
 - SDCOE has been successful in leveraging funding from various state grants, the majority of which will be sunseting over the next three years.

Leading Systems Change in Early Care

- San Diego Quality Preschool Initiative (SDQPI) has been instrumental in driving systems change across San Diego County by enhancing the quality of early learning and care programs.
- Engaging providers throughout the county of all provider types:
 - Public
 - Private
 - Family Child Care Homes
 - Center Based
 - Family, Friend & Neighbor
